

WE NEED YOUR HELP TO KEEP OUR SUCCESS GOING

We must all come together to solve the addiction epidemic in this area. ONLY GOD can do it, but you can help with your donation.

Within Reach West Virginia asks for your Support

Only God and a lot of prayer is going to provide a gradual improvement to this epidemic that shrouds this city. We cannot just sit back and watch it get worse, because it will unless we help those who want to help themselves one individual at a time. We have to act now in order to begin laying the foundation for a spiritual life to begin and continue for a lifetime.

Who are we?...

Within Reach West Virginia is a non-profit charitable organization that recognizes the traditional methods of recovery are not working and our non-traditional, even unique approach, to help those in recovery has proven itself to be a tremendous success for almost 3 years now.

What we do?

Within Reach West Virginia provides a housing facility for 8 men and 7 women, a proven comprehensive program of action, and an opportunity for employment with MOW Recovery. Changing one life directly changes many more indirectly.

What we need?

Within Reach West Virginia is needing your financial support to keep turning out the Miracles that we have helped make useful members of society. Each individual Miracle we have worked with has given the biggest gift anyone can give and that is, becoming a clean and sober friend, family member or business associate. Your financial support can allow us to keep helping produce these Miracles here in Huntington.

How can you help with a Donation?

Please see the flip side of this flyer for various levels of financial need.
